## About the Institution

"An investment in Knowledge always pays the best interest"

Nadar Saraswathi College of Engineering and Technology was established in the year 2010 with the motto of uplifting rural student's cadre and to nurture them with excellence. It is exclusively constructed for molding up outstanding Engineers as responsible citizen and dynamic professionals. Excellence in teaching will continue to be the most important criterion in faculty recruitment. At the same time, the ability to do research, to engage in continuous scholarly and creative work, and to provide service, primarily to the region and the state, will be important additional qualifications. The college will provide a comprehensive range of support services for students. The College surround by the Greeny Environment which creates the calm and peaceful mind to the students.

## Scope of the Conference

This Conference will provide a forum for undergraduate, postgraduate, research scholars and personnel from industry to come together and discuss the latest developments and innovations in Engineering and Technology. The noble aim is to bring together the professional and budding researchers on a common platform to discuss and exchange the ideas on recent developments and challenges in field of engineering and technology. This will help the delegates to update their knowledge and provide a platform for future research activities in the field of engineering. This also serve as a workshop for young researchers to build their research. The Conference will have plenary lectures by eminent personalities from the reputed institutions to introduce the theme of the conference. Each sessions starts with an invited talk followed by oral presentation of accepted papers.
